Junior Leadership completes service for community

Participants for the 1995-96 Junior Leadership training are: (front row, l-r) Amber Connell, Jennifer Tinkler, Jessi Carrasco, Kendra Walker, Staci Belcher and Sandy Neal. (back row, l-r) Chris Senn, Lynette Briones, Marilyn Briones, Yves Barta, Reese Graves, Mary Bell, Stephanie Powers and Joseph Grant.

This was the first year for the Junior Leadership training. To be eligible for this program, a student must turn in an application and be a junior in high school. The participants of this training completed several workshops, a service project and even met a Texas senator! Glenwood allowed them to use their Ropes Course for a day of training. In this course participants learned how to work together using team work and cooperation. Without the support of the community, this training would not be possible.
