Student teaching is one of the highlights of the Club. Each of the members is given an opportunity to actually teach a class or subject of his choice.

Press Club

The Press Club is an organization that promotes good public relation and offers the students an insight on publications of the school and the community. Many outstanding citizens from all fields of public relations spoke to the club. One of the major functions of the Press Club is the sponsoring of the annual Press Club Ball which features the King and Queen of KHS.
