

Superintendent

Someone has said that a nation's greatest wealth is in a rising generation of cheerful, happy, disciplined, and duty-loving youths. In this we hope you will contribute your part toward making our nation abundantly rich. For echoing down through the ages we hear the words of Solomon: "My Son, forget not the law, but let thine heart keep my commandments: For length of days and long life and peace, shall they add to thee".

Sincerely,

Mrs. Frank Harlan, Secretary

Principal

Dear Students:

The record of your school year, as depicted on these pages, is one that you will refer to often in future years. As you reminisce your K. H. S. days, I trust that you will find your record one in which you can take pride.

The exigencies of war have caused many changes in the normal curricular and extra-curricular program, but students and teachers have cooperated to give of their time and talents in aiding the all-out war effort and the results are gratifying.

The demand upon your services is and will be great, involving great personal sacrifice; but being the type of men and women that I know you are, you will find it possible to carry on with complete confidence, both in your over ability and the cause for which you serve.

Your friend,

Coach Thompson's office help: Evelyn Lipham, Christine Alexander, Joyce Swindle, Maxine Evans and Barney Roark

Lt. (j.g.) Gerald E. Thompson
