STUDENT COUNCIL

The Student Council of KHS, under the leadership of Joe Don Hollcroft, led the student body through many activities during the school year of 1947-48.

Among its many activities the Student Council sponsored intramural sports to heighten class spirit, directed the Halloween Carnival which the classes and clubs used as a money-making project, supported dances for local and visiting students, scheduled assembly programs, welcomed all visitors to the school campus, and endeavored to make the high school system a more democratic organization.

The head officers of the Student Council represented KHS in Corpus Christi at the Southern Association of Student Government meeting where they received instruction on student governing.
