

G.E. THOMPSON-Superintendent

MR. & MRS. THOMPSON

Dear Students, Faculty, And Patrons:

On these pages are portrayed many individuals and activities of Kermit Junior and Senior High Schools. I trust that in future years the 1953 Sandstorm will bring back many pleasant memories of our school days together.

A school can only be as good as the individuals making up its student body. Our school has an outstanding reputation among the schools of the state. It will continue to improve only as each of us improves in our personal contribution to its growth and development.

Study regularly; think intelligently; act positively; worship constantly; accept the obligations of responsible citizenship readily; the inevitable result; K.H.S. will proudly list you as one of its own Yellowjackets!
