

Art, Social Studies Drivers Education Part of Curriculum

The Art courses offered in K. H. S. are Art I, II, and III. Art I is designed to provide a background for developing an appreciation of art. Art II is built around the basic fundamentals of art with continued emphasis on the appreciation of art. Art III provides for activities on a more advanced level.

The Social Studies offered in K.H.S. are World History, American History, Civics, Sociology, and Economics. World history gives students an understanding of the world about them, while American history deals with the nations' political, social, and economic developments. Civics is the study of the function and structure of local, state and federal governments. Sociology deals with people and their basic institutions. Economics is the study of the economy of the people and the nation.

The Driver's Education Program has classroom and in-car instruction; either as observer or driver.

Judy Geske seems to be concentrating very hard on her drawing.

"Hey, lookee there!"

Randy Adams shows her drawing to Mrs. Kitsinger.

Coach Griggs instructs the girls

to check the spare before starting out.
