

Joe fights off defenders

September 5, marked the start of the new football season for the Kermit Yellow Jackets. After several weeks of hard, sweaty, long hours of practice, and a few scrimmages the Jackets verified themselves by being victorious over the supposed "powerful and well experienced Alpine Bucks." In discussing the game with Coach Topinka we learned the Jackets failed to obtain the mental toughness required inside the 20 yard line. Coach Topinka commented that the defensive unit made progress as the game ventured on.

Strong defense holds Alpine.

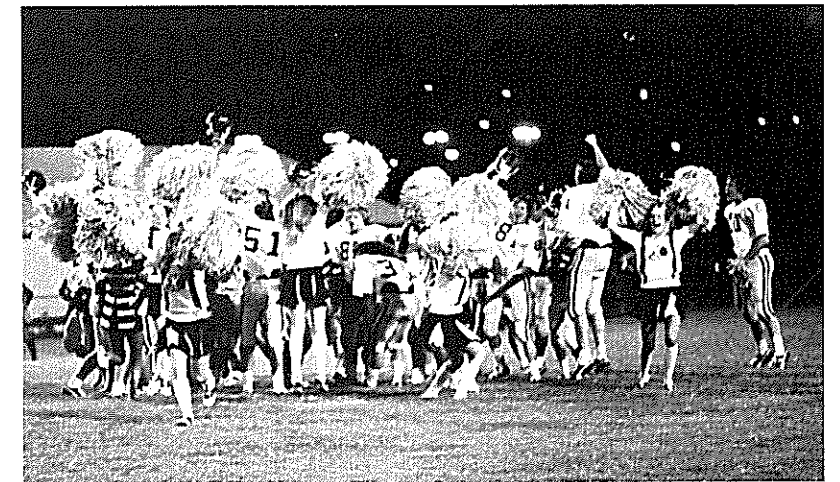

King adds the P.A.T.

Jackets Alpine Crane

Defeat and 10-7

Hawk gains yardage against Crane.

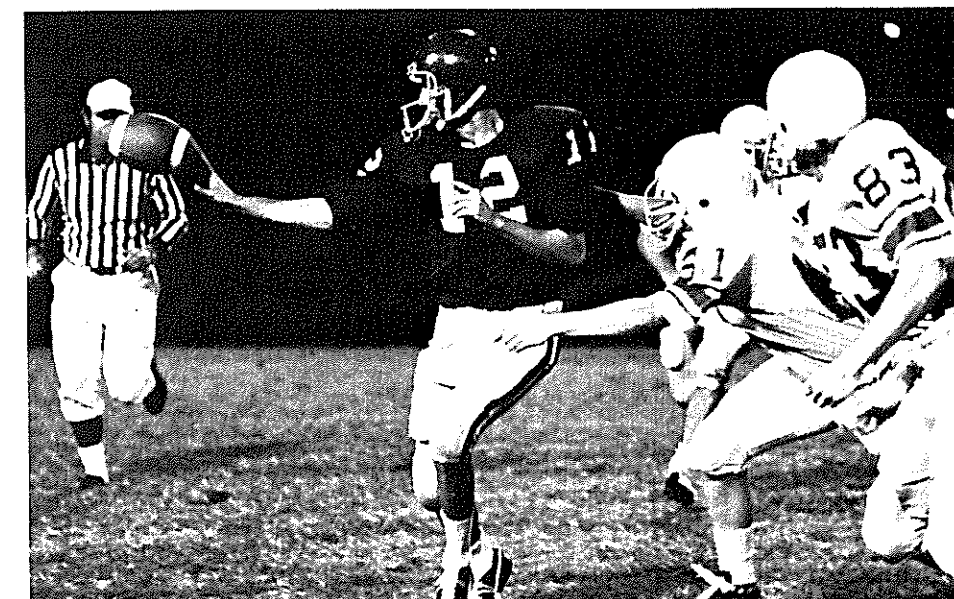

Jackets enjoy first Victory of Season.

Greg warms up.

Ronny completes pitch-out.

The Kermit Yellow Jackets tested their skills on the Golden Cranes and found them to be sufficient when the Jackets declared a victory. Coach Topinka and the rest of the coaching staff were very happy with the 10-7 win. Although, Topinka felt that we beat a good football team and that the ball was moved well most of the time offensively, he also felt that certain breakdowns would have to be eliminated in crucial situations for the Jackets to maintain a good football team. Defensively Topinka felt that the game was good, but quite a bit of yardage was given up.
