

# Students Build 'Great' Bon Fire

Enjoying the annual festivities surrounding the 1977 Kermit High School homecoming were these members of the Yellow Jacket football squad. The Jackets defeated the Fabens Wildcats 34 to 6.

KHS Cheerleader Lisa Davis is shown boosting spirits prior to the 1977 Homecoming game against the Wildcats.

Unloading firewood in the annual attempt to make the 1977 Bon Fire bigger and better than ever were (l-r) Mike Payne, Billy Trezell and J.D. Hallmark.

Forming a "firewood assembly line" in unloading material for the Bon Fire were Todd Payne, Melanie Helmer, Ramona Shepherd, Kathy McGill, Caroline Marshall, Drucinda Campbell, and Becky Berta.

Providing not only the BEAT for the yells, but also music in many forms during the annual Bon Fire was the Mighty 'K' Band. Shown here (l-r) are Robert Thomas, Becky Davis, Jayme Brown, Jimmie Sterling, and Traci Smith.

The hot, Hot, HOT Bon Fire not only engulfed the material piled on by students, but also served to enliven the annual festivities surrounding the Homecoming game. Shown here leading yells are Little 'J' Sue Shepard (left) and Kris Thompson.

There was wood, wood and still more wood, brush and other burnables placed on the 1977 Bon Fire. Classes were dismissed early on Oct. 13th so that students could build the Bon Fire and boy did they build it. Many said it was not only the largest, but also the hottest!

We need protection from the heat! The heat from the '77 Bon Fire is quite evident by the methods of protection sought by members of the Yellow Jacket football squad. But, apparently the fire served its purpose as the Jackets literally demolished the Fabens Wildcats.
