

*The Sandstorm is handled by thousands of hands and looked at by just as many eyes — hands that hold onto the cover and feel the spirit and love radiating from it — eyes that often mist when fond memories, long forgotten, return at the flip of a page.*

*The Sandstorm is a trip through time. A time when the only things really important were grades and a new sweetheart.*

*Sure, the times were occasionally hard, there has to be some heartache and disappointment in growing up. But after the hurt was over, love and laughter were never far behind.*

*The 1980 Sandstorm is not only concerned with the student body, but also reveals the teachers, dedicated individuals who worked hard to teach us about life and ourselves.*
