In the years to come, it is our hope that you will look through the pages of this Kermit High School yearbook and relive memories of your days³ in KHS or KJHS.

As the memories begin to fade, they will be only pages away from being reawakened. Use this book to recall a face, a name, a football game or dance.

Although the 1980-81 school year was filled with happiness as well as routine classwork, there were those times that will always remain as some of the happiest of your life. It is the hope of the 80-81 annual staff that you enjoy this annual as much as we enjoyed putting it together.
