As a last look at KJS, we hope this year's Sandstorm lets you relive some of the happenings at KJS. As the memories fade, they will only be pages away from being reawakened. Use this book to recall a face, name, football game, or dance.

The 1981-82 school year was filled with happiness and sadness as well as the routine school work and some of those times will remain as some of your fondest memories of high school life.

We, the members of the 1981-82 annual staff, hope you enjoy this annual as much we enjoyed putting it together.
