The KHS Freshman class entered the halls of Kermit High School unsure of what was to come.

Changing from upperclassmen of junior high to the lowerclassmen of KHS was a large adjustment for some.

As the year comes to an end, the freshman has many memories to look back on and many more to look forward to in the future years at KHS.

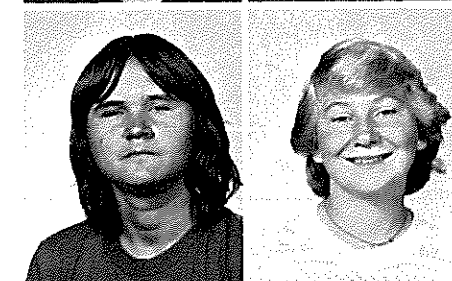

The class of 1985 will leave these halls never to return and only to look back at accumulated memories of the years at and around Kermit High School.

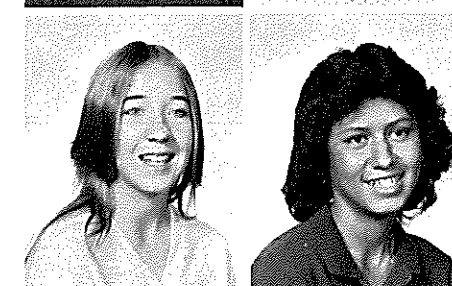

"Look, I use Atra Blades," boasts Daniel Gibson.
