

# Life Goes On Outside School Campus

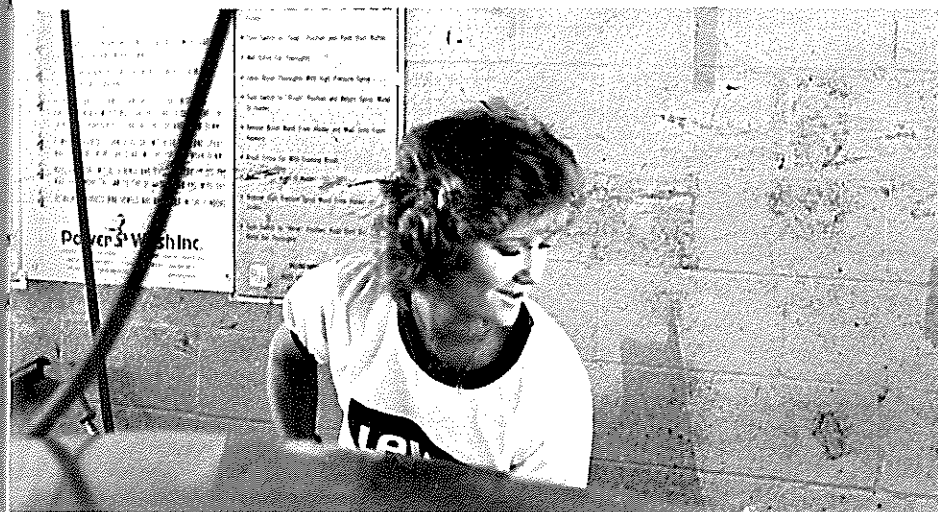

*Karate is just one of the many pastimes that students of KHS have. After school hours and on weekends, John Simpson and Brian Hindman take Karate lessons from Mr. Gary Roark at the Youth Center. They are just two of the many students that Roark teaches.*

*Helping out in the yard, Coby Owen does his share of the work around the house. Aside from his school work, Coby also participates in sports and finds time to do chores.*

# What Would We Do Without Cars?

*Tinkering with cars is one of the past times that Mike Barron enjoys. Along with Mike, Joe Taylor assists in getting everything in shape for the weekend activities.*

*Suds, soap and plenty of muscle go into the washing of a car as Marty Wood illustrates. Marty was caught off guard at the car wash on the Monahans highway.*

*Cruisin' the drag on Saturday night is one of the main things in Kermit. Misti Wright and Joelle Wright are out taking the town by storm on one of their weekend escapades.*

*Turning the control knobs at the car wash is Cindy Acosta. She is helping Marty Wood make her car spotless and proving that a good wash takes more than one person.*
