

# Sponsors Assist Juniors

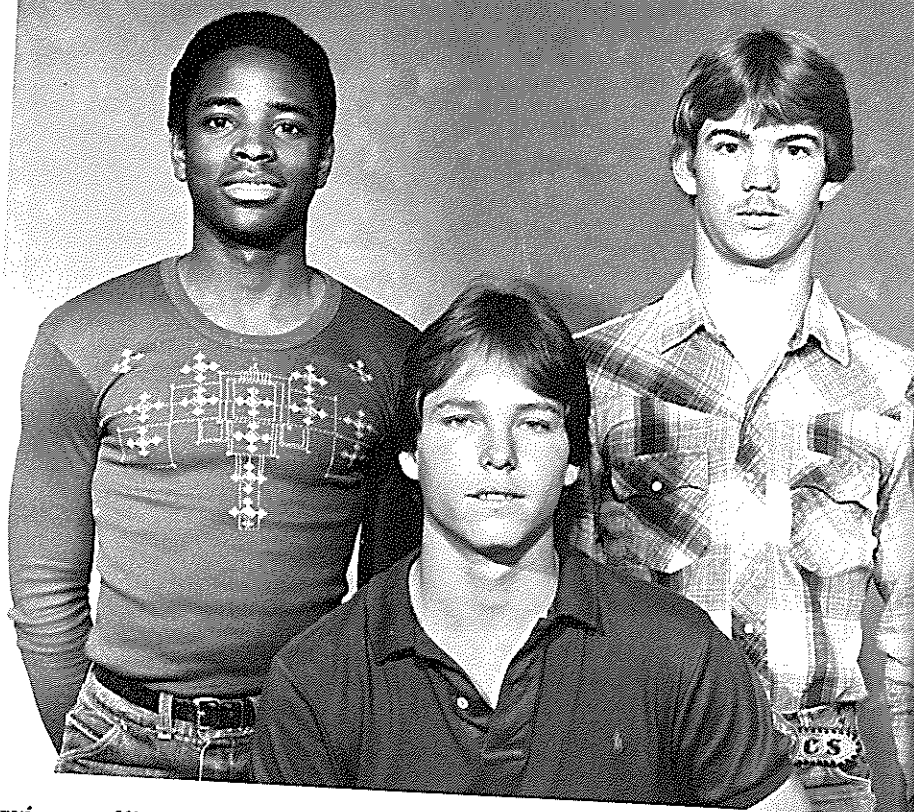

Having become older and more mature, the Juniors of 1983 realized that they had many tasks and responsibilities to fulfill through out the year. At the beginning of the school year many students didn't think of themselves as upperclassmen, but as the year progressed they realized that they were really becoming the leaders of tomorrow.

Two major events during the year were ordering Senior rings and then planning their first prom.

Another major event during the year was the outstanding Junior-Senior Play. Regardless of the jobs to be done, there always seemed to be a few members of the Junior class involved.

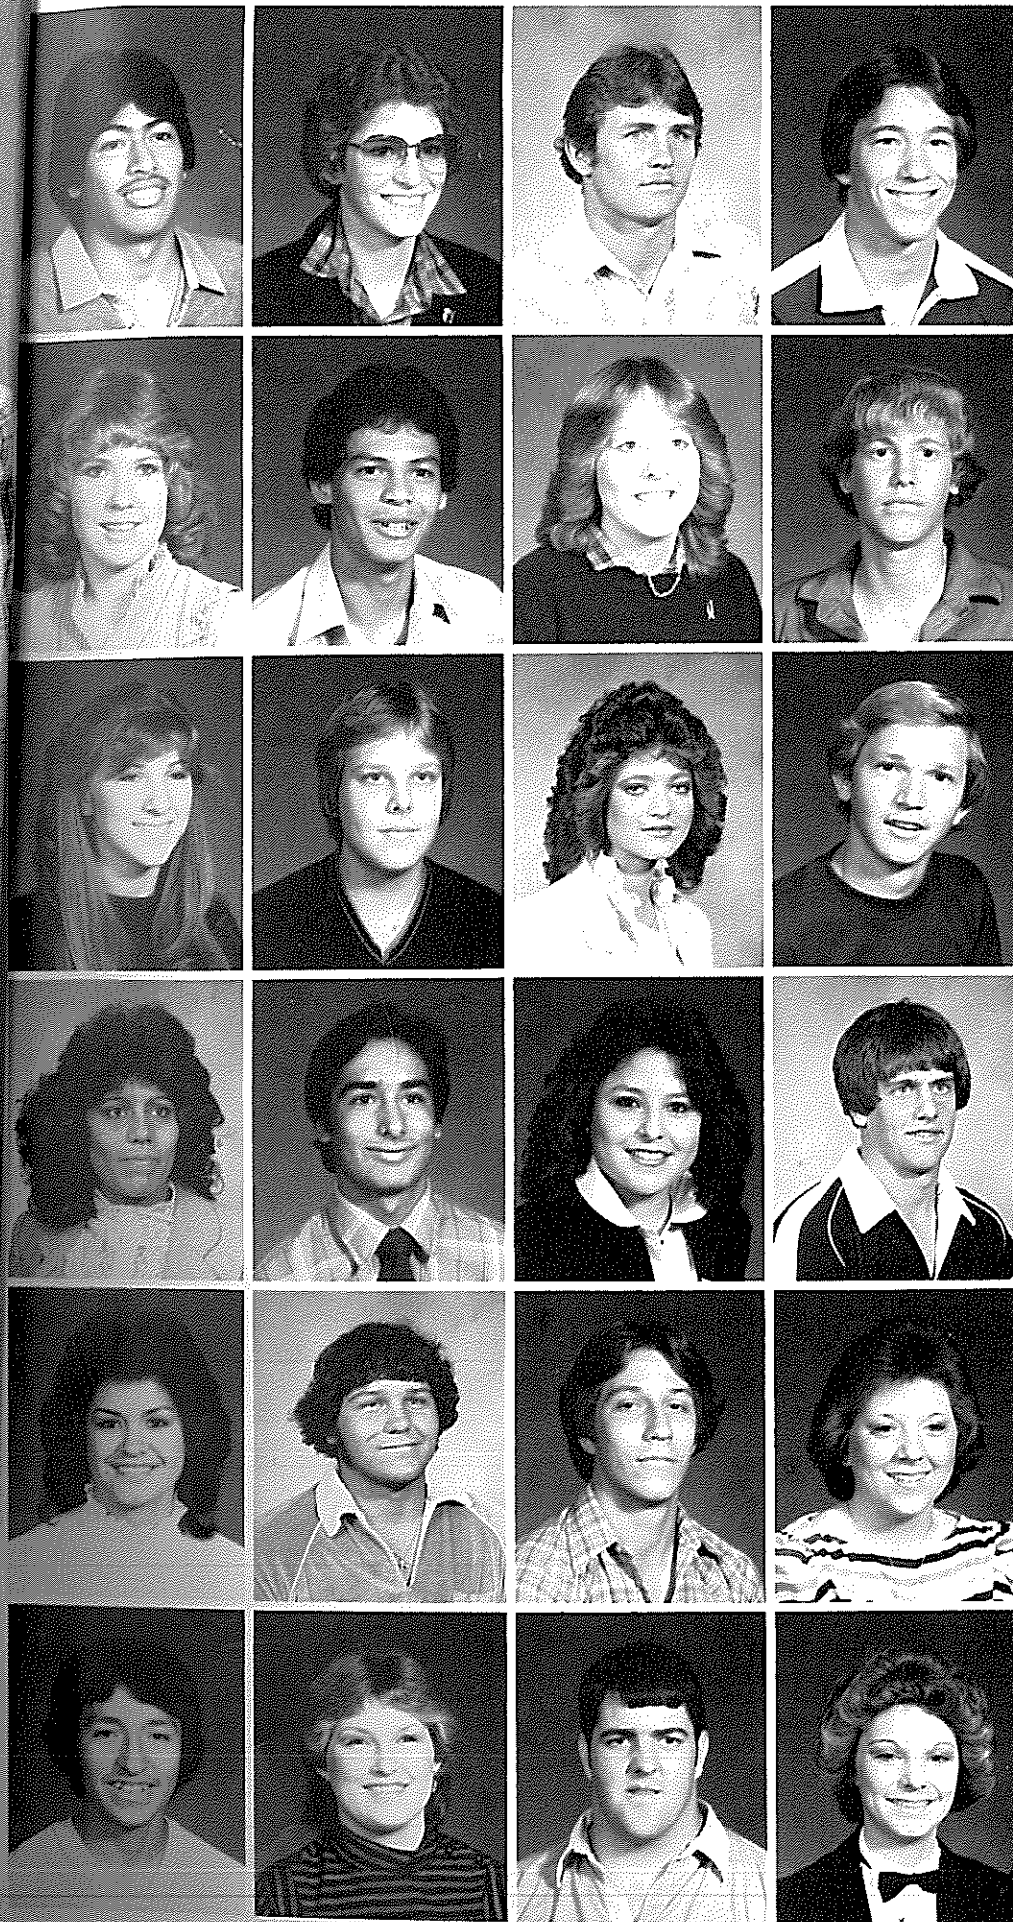

Although some may disagree, school has served its purpose and that is to educate. No one has ever said school is all "fun and games" and an ideal institution, but it has made available some valuable opportunities.

In another year the Juniors of 1983 will leave KHS and go on seeking and searching and they will have to cope with what they have learned. So keep your heads high in search of new experiences in life and knowledge. **ONWARD CLASS OF '84'**
