Exchanging Worlds . . .

From Denmark To Kermit

Lau came to Kermit by submitting an application to the Rotary Club in Denmark.

Lau was in Kermit for eleven months. He came to Kermit in August and he will be leaving in June for Pennsylvania to take a tour of the states. Lau will finish the tour with the Carlsbad Caverns in New Mexico.

Lau commented that the schools in Denmark are somewhat like colleges in that the students in his schools never have the same time to go to class everyday.

Some of the things Lau enjoyed doing in Kermit are playing video games, riding around and watching T.V. He enjoyed the weather in Kermit.

"I enjoyed being here most of the time, it's been an experience for me," Lau said.
