

This year's Student Council continued the tradition of any active council in every service they performed. The rewards for their efforts came when the Kermit chapter was chosen as the "Outstanding Student Council" in our district, the council was also named as having the "Outstanding S.M.I.L.E Project" and the "Outstanding Safety Project." The S.M.I.L.E. project is a program to alert as many students and adults as is possible to the dangers of alcohol abuse. All three of these awards were presented by the Texas Association of Student Councils.

The back to school assembly included your favorite T.V. personalities Betty Davis (left-Arcilia Carrasco), reporters Andrea Ditto, Sonia Chavez, and Little Orphan Annie (right-Edna Pando).

Student Council

Leaders Today . . . And Tomorrow
