

## Sophomore Class Does Its Share

As sophomores entered school for another year, they also entered as upperclassmen, and immediately began making plans for the new freshmen.

The football concessions did not make as much as expected, so they sold candy to raise more money for the Junior-Senior Prom. Each class member was responsible for selling at least \$22.00 worth of candy. Participation was very good and everyone's "sweet tooth" was satisfied for awhile.

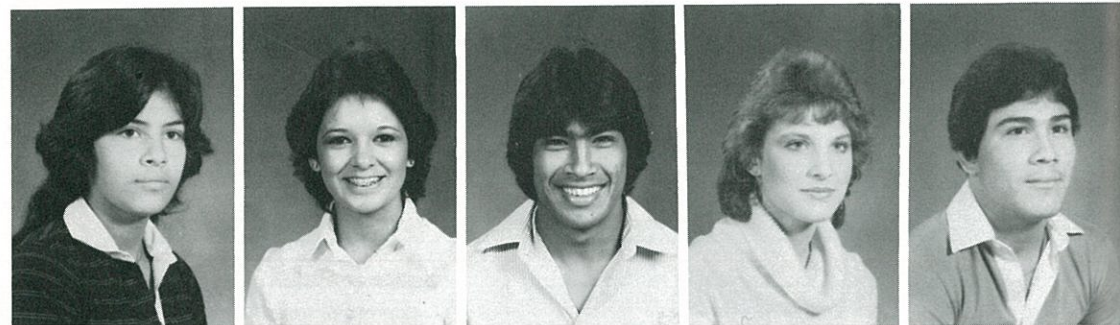

Several sophomores were elected to the National Honor Society and have both athletic and academic awards.

They also participated in the "High School Bowl" and the "Junior Olympics".

Serving as Sophomore Class Officers for 1983-84 are President Xavier Ramirez, vice-president Sammy Lujan secretary Carrie Kapka, and Jose Garcia, reporter.
