

State Traditions Continue In 1984

For the eighth year in a row the KHS Girls Golf team has competed in the state tournament. This year's team consisted of (l-r) Lori Simon, Kellye Bates, T. J. Thomas, LaVonda Wade, and Nikiti Forga.

The girls golf team has just completed another very successful year. The KHS linksters won invitational tournaments at Seminole, Synder, and Pecos in addition to the district crown.

The locals finished in a second place tie at Regional which they won on the second hole of a sudden death play off. This second place finish at Regional allowed them the chance to play at the State tournament for the eighth year in a row. This is a remarkable feat and one that the girls take a great deal of pride in.

KHS Girls golf team is shown relaxing after the state tournament in Austin.

Competition At State Is Stiff

The 1984 varsity girls golf squad continued the KHS tradition of past years by advancing through district, bi-district and regional and competing at the state golf tournament.

The squad contained no seniors and plans are for the team to be even better next year. The Jackets won the state title when girls golf was first allowed in UIL and this squad hopes to regain that title in 1985.
