Coda Stephenson is really prepared for KTA Day.

Drucinda Campbell shows what the 30-minute lunch period does to her.

Seniors Work Alone, Together

Seeking permission from the teacher is senior Randy Heath. KHS seniors were able to work successfully alone or in groups and always "got the job done."

Always ready to display their bright and eager faces to one of the roving KHS photographers were Sheree Ferris (left) and Rene Hair.

Another always smiling face was that of Little 'J' Tina Shoptaugh ... even in class.

Displaying their abilities to work together were all of the KHS athletic and extra-curricular squads. Through their hard work, dedication and willingness to go that extra step ... Kermit seniors led the way to the top in just about every category.
