

Juniors Begin Planning For Future

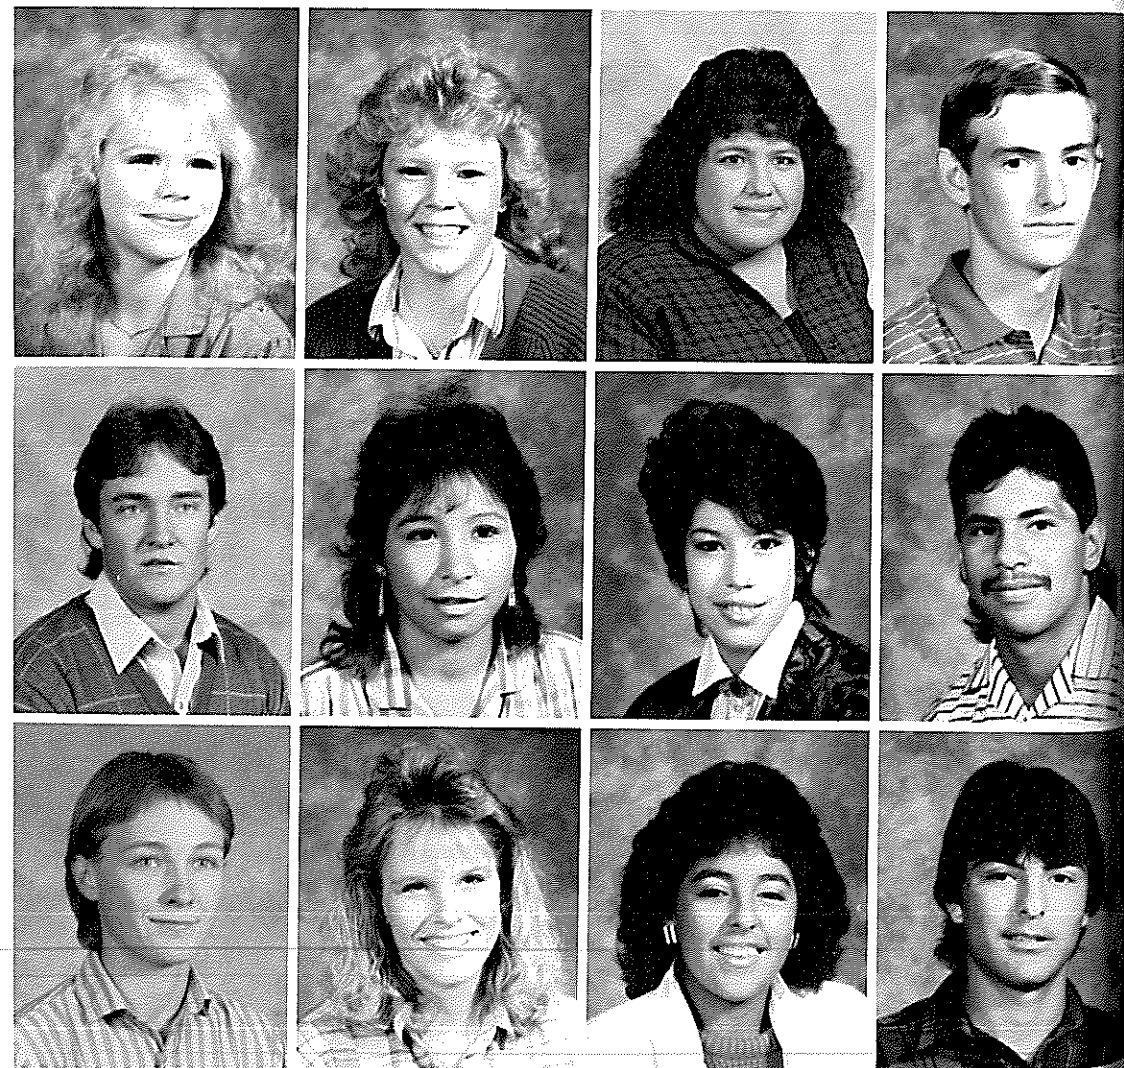

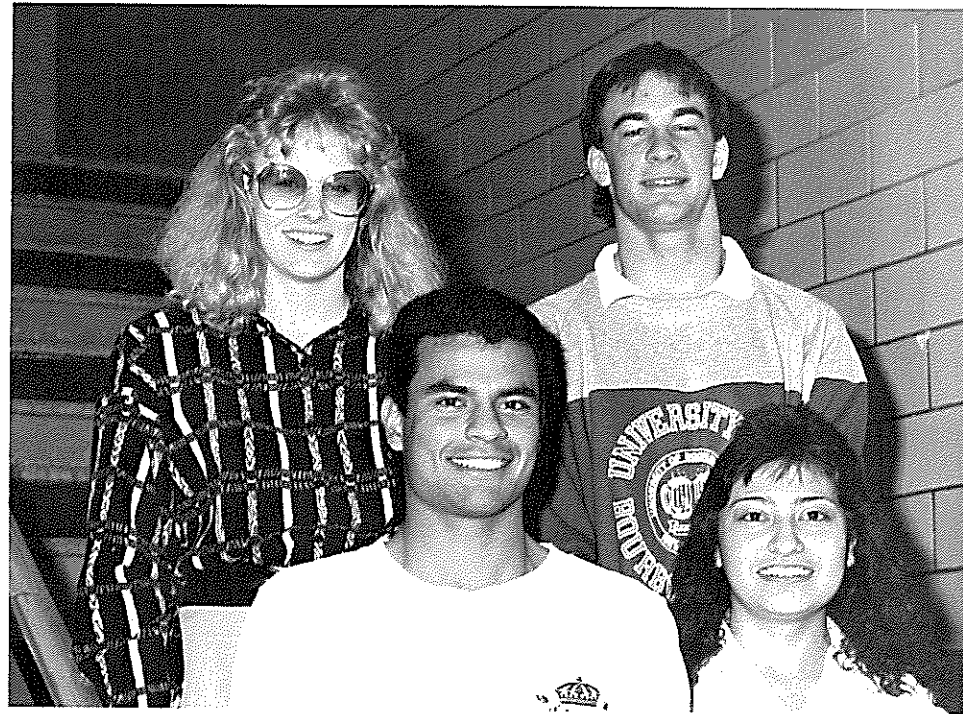

Members of the Junior Class began the 1986-87 year by making plans for the prom. They, then, sold jewelry to help finance it.

When time came to order Senior rings, graduation seemed even nearer.

In the drama department, juniors were very active. They participated in the all-school production, "The First Farewell," "A Disney Review," the Jr.-Sr. play, also held many important roles for juniors.

Many individual goals were reached and moving one year closer to the big double "8" was one of them!

Elected as officers for the Junior Class were President Robert Martinez, Vice President Margie Flores, Secretary Shannon Brown and Parliamentarian Brett Fostel.
