

# Graduating Class Of 1989-90

**S**enior year: Every student looks forward to it. It's the year you get looked up to. It's finally your turn to tell the "fish" what to do. You get the good parking spaces in the parking lot and the good seats in the auditorium. Senior pictures are taken, announcements are ordered, caps and gowns are ordered—all those final preparations to make graduation as a member of the Class of '90 what it should be — something to be proud of and remembered.

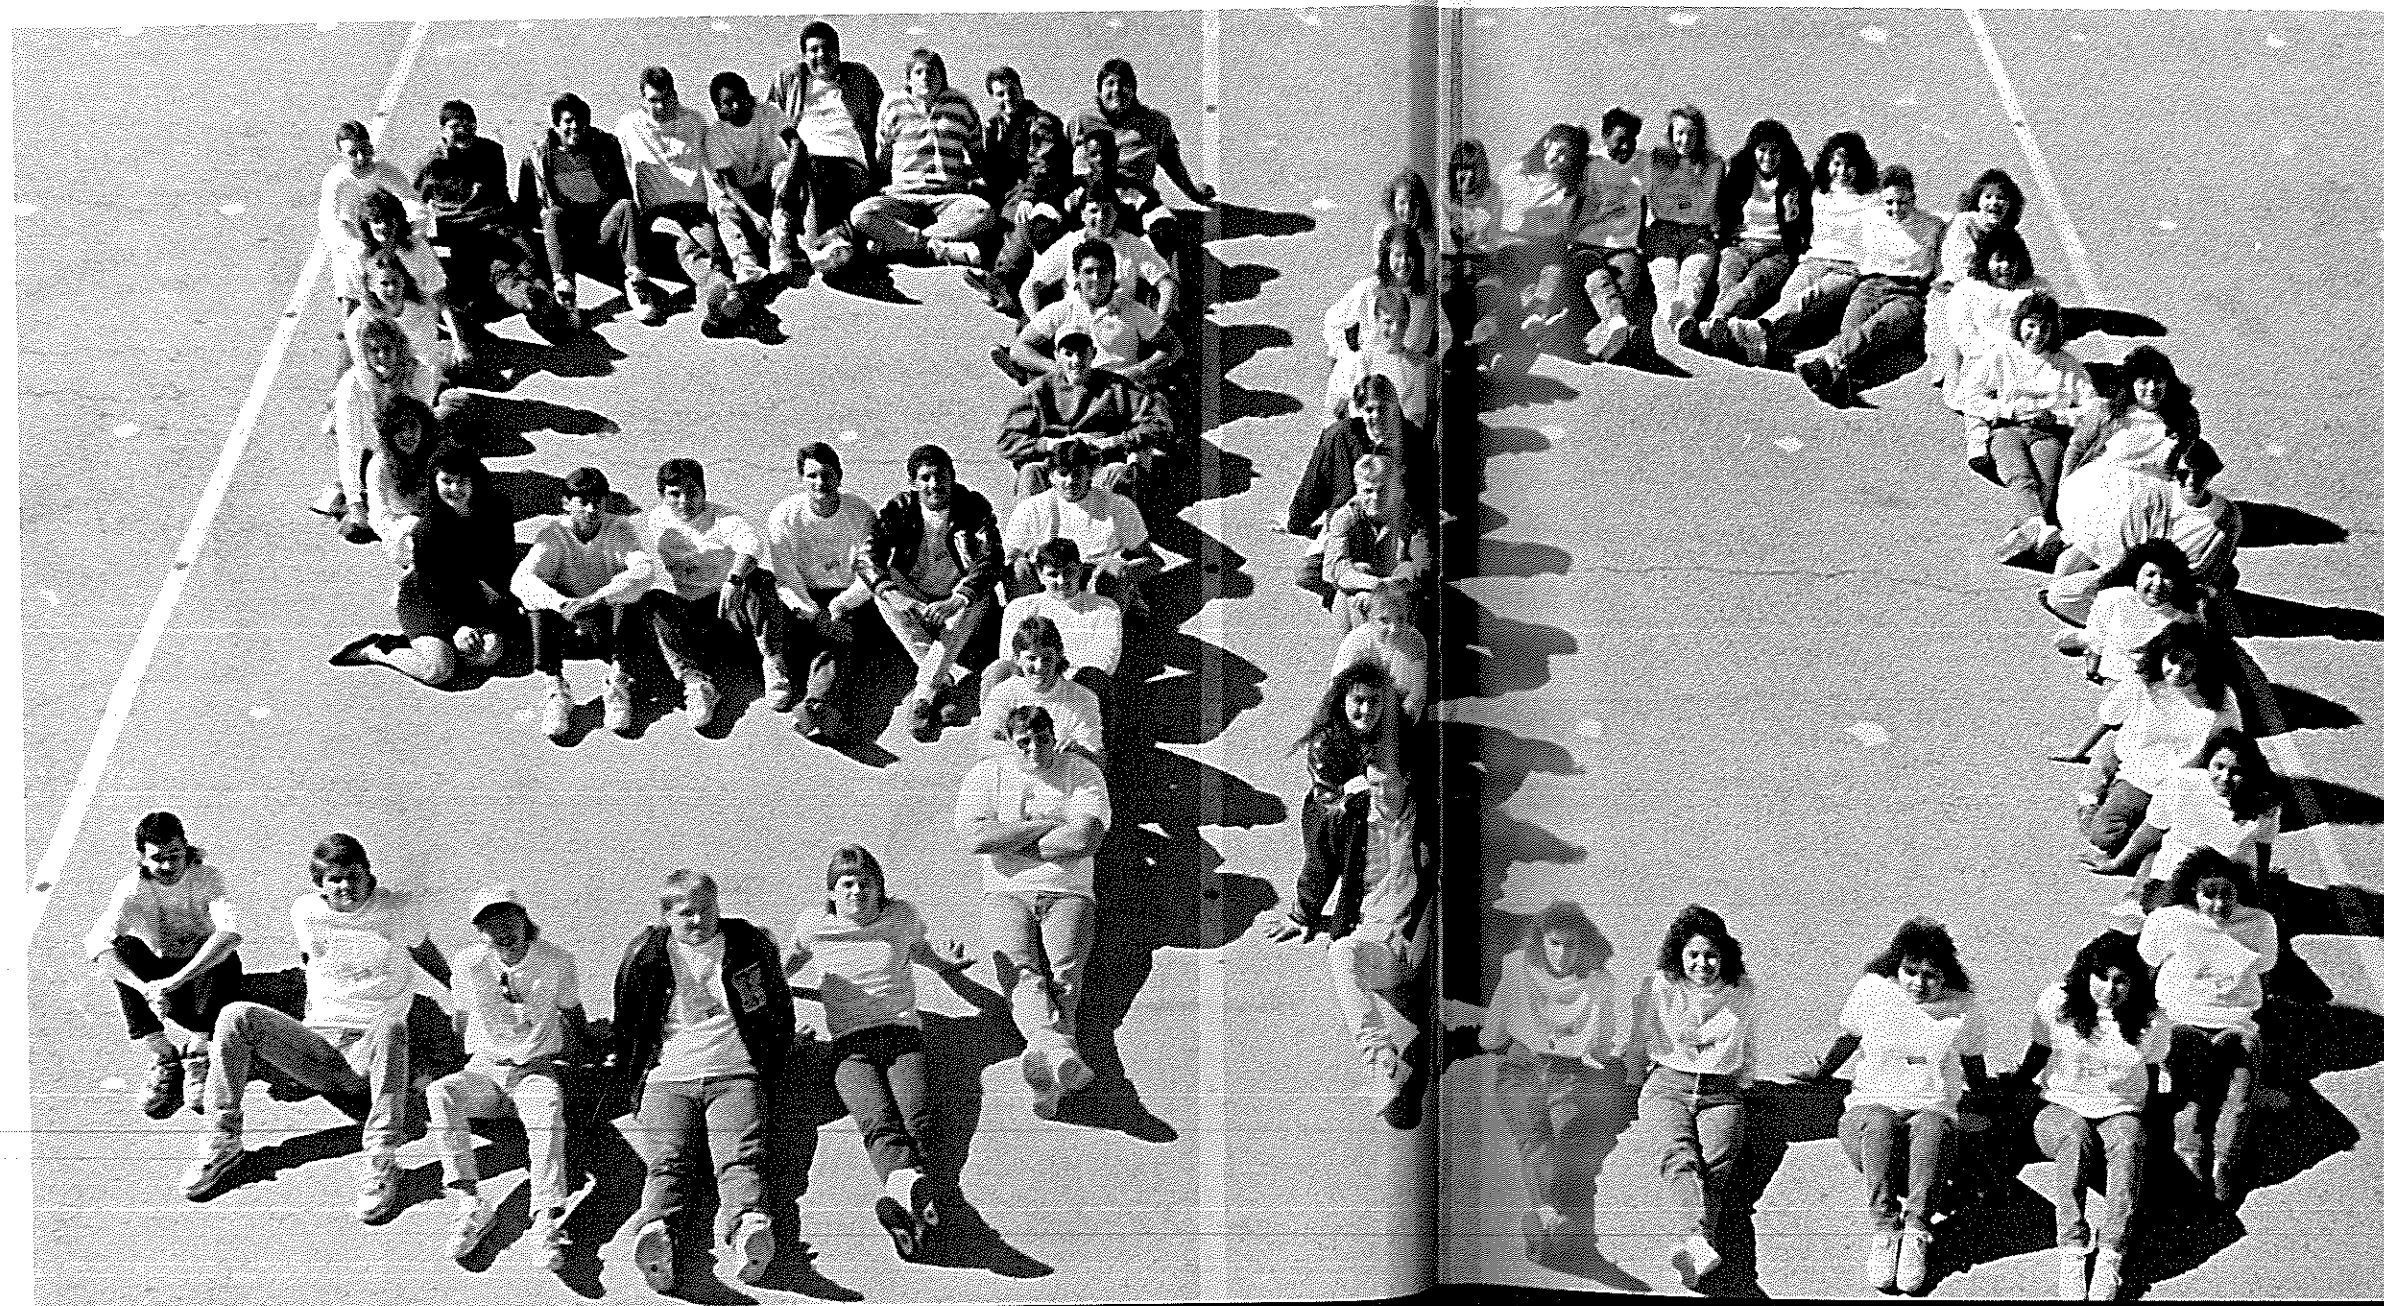

**E**ach and every senior will take a different road leading into the future. No one really knows what the future holds ... some will go on to college, some will go to work and others will just "party" for a while. Whatever is chosen will have some effect on their lives.

**N**ow the time has come for the juniors to take the spotlight. They now realize that they are truly the upperclassmen. A big part of being a junior is getting ready to be a senior. Just knowing that the time is almost there for graduation and starting out on a life of their own helps the juniors begin to make those "life-long plans."

**I**n each sophomore's mind there is excitement. They are now hoping to be part of the upperclass establishment. Sophomores of 1989-90 were always willing to do their best to show their true Yellow Jacket spirit. After going through routine activities and "special events", the Sophomores of 1989-90 can now provide the true leadership needed by the new underclassmen of KHS.

**O**n to the Freshmen: After leaving KJHS as upperclassmen, they had to start all over again at the "bottom of the barrel!" Sometimes painfully, and sometimes gladly, they learned exactly what it means and what it takes to become a true Yellow Jacket. Now the freshmen of 1990 will move up the upperclass ladder and help the incoming freshmen of KHS.

**R**emember the first day of school? It's likely that many heads were spinning, especially the new freshmen and the "dreaded" seniors! For the fish it was the beginning of a new adventure, for the seniors it might have been called the beginning of the end ... or more accurately: The biggest adventure of all and what they have been preparing for ... for years: Life as an adult. New promises and dreams are awaiting each freshman and senior!

**S**eniors of 1990 were truly unique. The Class of '90 made its mark in the lives and memories of family, friends and the student body of KHS. They learned about math, science, history, health, fine arts and about themselves and how people can change ... sometimes for the better ... sometimes for the worse. They will remember the naiveness of the freshman year, the spirit of being sophomores, the absolute certainty of everything as juniors and now, the small hesitation as a senior about to enter the "real world." With the new decade came a new tradition. The "Seniors of '90" now take the first step into still a larger and more wonderful adventure ... Good-bye KHS ... Hello world!
