The 1991-92 Texas Association of Future Educators had a very promising year. One of the projects the club had was teacher appreciation selection. Five teachers were selected from the KHS faculty each month as Teacher of the Month. These teachers received a bag of goodies, a sign of acknowledgement, and their name announced by Principal Joe Boyd to the school. The club met twice a month to decide the teachers to be chosen. Another project of the Association was student teaching. Members of TAFE traveled to East Primary to assist in teaching for a day. The fund raising event the club conducted was selling senior shirts. TAFE goals included making scholarships available for students interested in pursuing careers in education.

Officers for TAFE include Parliamentarian Scot Tidwell, President Leslie Hager, Treasurer Elyse Coats, Historian Melinda Whigham, Vice President Amy Willingham, Secretary Chrissy Bradley, and Sponsor Carol Sessions.

FHA is a program to help individuals improve personal, family, and community living. The club had several fund-raising events including serving the community in a spaghetti dinner and selling door-to-door items. FHA had several more activities go on throughout the 1991-92 year which proved to be very exciting.

The club went to the state Convention in Dallas. FHA also showed their appreciation to all teachers by having a Teacher Appreciation Day. The club lost its sponsor Mrs. Carol Sessions during the first semester as she moved to California. The club wants to put in a little thank you to their new sponsor, Mrs. Wills, who helped make all the fun possible.
