Student Advisory Council

Things Change ...

The 1991-92 Student Advisory Council was set up differently than years before. Instead of having one group, different students were selected for each meeting. The students would meet with Superintendent Charlie Helmer and discuss Campus Business. The students were able to voice their opinions on subjects such as schedule changes and year round school. At each meeting the students received a blizzard from Dairy Queen.

"I like most of the changes Mr. Helmer proposed, but following through with them will be a challenge," said Clay Fostel.

Some members participating in the S.A.C. meetings were Jennifer Ramos, Shanna Crowe, Billie Willard, Stepheny Stone, Darin Carrasco, Melissa Beard, Debra Heredia, Leslie Hager, Jennifer Martinez, KNEELING Clint Kidd, and SITTING Clay Fostel.
