The Varsity girls' basketball team had a successful year. The record of 10-20 doesn't seem that good to most people, but it is good when one looks at the amount of improvement made during the year. High points of the season were beating Fort Stockton, beating Denver City at their own tournament, going into overtime against Monahans, and taking Reagan County to the wire. The 1991-1992 Varsity team demonstrated hard play and determination which is something that future teams can look at and use as an example.

Seniors Melissa Beard (24), Jennifer Subia (30), and Nikki Riley (20) work the ball around to get a shot against the Sonora Broncos.

Stepheny Stone shoots a jump shot as Melissa Beard and Shanna Paehl prepare to rebound.
