The 1992-93 Varsity Lady Jacket Basketball Team had a tough season, but they pulled through to the end. The Lady Jackets had many highlights throughout the season, including beating Fort Stockton at the Crane tournament and taking Big Lake to the wire during both district games. One of the biggest disappointments during the season was when the Lady Jackets lost to Colorado city by one point. Even though the competition was tough, these ladies tried their hardest and they did it with a positive attitude.
