'Making the leap from junior high sports to high school competition isn't easy, but the 1996 freshman volleyball team made the leap successfully. The Lady Jackets brought home the championship plaque from the Sandhills Tournament and the second-place trophy from Greenwood. Their season ended with a record of 10 wins and 10 losses, and several of the 9th grad girls were moved to the junior varsity and varsity teams to gain experience in a higher level of play. Look for good things to happen in Kermit volleyball in the years to come. These young ladies will make it happen!'
