

## Statement of Intent

The 1998 Sandstorm yearbook staff want to make a statement on the ensuing pages that will show great improvement in academics, sports, and conduct to make Kermit High School a better and safer environment for the more than 460 Yellow Jackets enrolled.

In addition, the staff expects these same successes will be reflected for the almost 400 Daubers at Kermit Junior High School.

Located in Kermit, Texas, a town of some 6,000 people, life is relaxed and friendly, a great place to grow up in. At high school, colors are maroon and gold. The graduating class will include about 85 seniors. Juniors number around 105 and sophomores are close to 123, with this year's fish making the biggest splash with 145 freshmen. Faculty members at high school are 55 strong with 68 at junior high. Part of those professionals are shared between the secondary campuses. It's a year that annual staffers anticipate with "great expectations."
