

NOW AND THEN

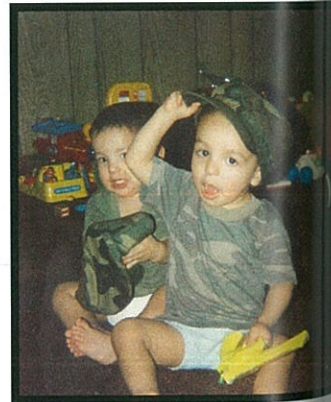

Danny, You did it son! We are so proud of you and all your accomplishments. It seems like yesterday when I was taking you to kindergarten and you looked up at me with fear in your eyes because you did not want to leave my side. Now you are making that first big step into the real world and I look at you with fear in my eyes because I don't want you to leave my side, but I know you will do just fine. You have been a blessing and you have turned out to be an amazing young man. We love you son, keep your head up and never forget where you came from because your family will always be here for whatever you may need. Good luck to whatever your future may bring. Love you always & forever,
Mom, Dad, Desiree', & Darius

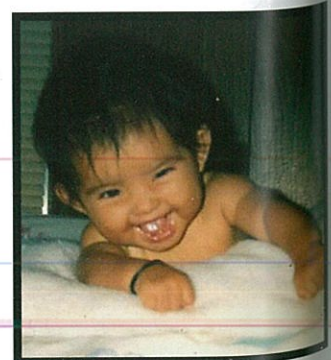

David,
I know your graduating and going off to college in a couple of months, but never forget where you came from. I love you and you will always be my baby brother just all grown-up. You grew up so fast I didn't realize how time flew by so fast. I wish you the besst of luck in life with whatever you choose to do, I don't care what you do as long as you're happy. I'm going to miss you and the kids will too. Now get out there live your life to the fullest because you have the rest of your life to live,
with love from,
your sister and family.

We are so proud of you, you have already accomplished more then most men three times your age. We have never had a thought in what you were going to be. This is the beginning of another life's road that I believe you are ready for. The Army says that "most parents make their kids STRONG. We will make them ARMY STRONG." I believe that you were already born that way. You have always been a leader; and you always try your best in all that you do. We are very proud of the wonderful young man you have become. Always remember to be true to yourself, and put God in everything that you do. Your adventures are just beginning and you have so much to look forward to. We know you will accomplish all your goals you set for yourself. CONGRATULATIONS and have a great time at TECH!

Hailey,
You are our beautiful, loving daughter. You are full of faith and talent that will carry you through whatever will come. We are afraid to see you leave (We'll miss you like crazy!), but we're also excited to see you follow your dreams. You've grown up so much so fast- spread your wings baby girl- you were born to fly!
Love,
Mom & Vic, your biggest fans

Our Dearest Phillip,
Having you as our son has not only been a blessing, but a privilege and an honor. We have seen you through your infant years to early childhood, as a teenager and fine, young man. Always, always God has blessed you to be outstanding in academics as well as in sports. You have shown strength not only physically, but in your character as well. Remember: in all that you do, always put God first and you will continue to be successful. May God bless you as you leave us for college and afterwards, to begin your life as a man. We love you so very much, son, and are so proud of you! Know we will be just a phone call away!
Love, Mom and Dad
