Thank you to everyone who stuck by me this first year, and for all your patience and understanding as we are learning and growing at a rapid pace.

We opened the studio in February and thought we would 'piddle around' for the first few months and kick it off in August but instead, because of you, we boomed.

Our sports pictures, which I love to do, had consistant sales and I had a goal of 15 seniors this year and wound up shooting 35 !! WOW !! It was amazing and I loved every single minute of it and I hope the kids enjoyed their experience also, what a great bunch of young adults, parents you should be proud!

I know we have not been without our moments of crazyness and delays but I thanks everyone for their patience and understanding and contintued support.

I plan on being around a long, long time. I love my job and I love these kids ... so lets get ready for a whole new year!

Bonnie
