

Sloane-My Little Lovebug
 The moment has finally come to recount the blessings of your arrival eighteen years ago. It seems like just yesterday i was rocking you and "Rabbie" in my arms. We have so many precious and priceless memories of you. You have always been our "no-gray" area child. It is black or white! This attribute has carried you this far. We hope you will continue in the same manner during the next chapter of your life. Always remember to stay strong and true to yourself. We are so very proud of your accomplishments and look forward to what God has in store for your future-(Philippians 4: 1 3) Never forget that our hearts will always be here for you.

Our Dear Allison,

From our little pumpkin to the amazing yound lady you have become, you have made our family so proud. Your accomplishments from the field of play and in the classroom reflect the bible verse you have lived by since vacation bible school. "I can do all things through Christ who strengthens me"(Philippians 4: 1 3). You have grown into a beautiful young lady from the inside out and have a lifetime of opportunities ahead of you. Your amazing smile brightens our day. Our lives have been wrapped around you and your many activities and we will miss you more than you can imagine. We look forward to your new adventures at Texas Tech. As each of us has always said, "I love you clear to the moon and back".

**Love,
 Mom, Dad, and Jantzen**
