To my beautiful daughter Michelle,
You are a gift to me from up above. You are my baby girl even if you're growing up day by day. With each day my love for you keeps growing. How I wish you were still little to hold you forever in my arms and show you how precious you are to me. You make me proud. Since the day you were born I knew you would go far in life. Always remember that no matter what choices you make I will be standing by you to support you. I wish you the very best of luck always. I love you more than you will ever know.

Taylor,
How do we begin to tell you how PROUD we are to be your family? You came into this world smiling and with brightness to you like a halo, we have so many memories of you making us laugh and for always being there when we needed you. You truly are a gift from God and we are sure he is very pleased with you. You have touched the lives of so many young people and adults with your unselfishness, your caring and your smile. YOU ARE TRULY AN AMAZING YOUNG LADY! You will go as far in life as you will let yourself, never be too afraid to fail or attempt every opportunity that is laid in front of you and remember we are always here for you. Now it is your time to start your life, go for it and most of all HAVE FUN! We love you very much and we are very proud of you!

To my little baby girl,
Oh how has time passed us by. So many memories you have left behind. I can't believe that you are all grown up now, but in my eyes you will always be my baby girl. You have been a friend, sister, but best of all you have been the greatest daughter any mother could ever ask for. No matter where life might take you, I will always be right there beside you. You have made us proud, now go out there and shine like the star that you are.
Love You Always,
Liz, Nathan, Brandon, Jose, and Mom
