I watched you growing up, through your Pre-k years and now you are a graduating senior. How blessed we are for having you in our lives and becoming a beautiful woman. I hope your dreams take you to the corners of your smile, to the highest of your hopes, to the windows of your opportunity and to the most special places, your heart has ever known.

My daughter Michelle Deon, I Love You so, much. I am proud of you not only for graduating; but you changed my life by giving a gift from heaven. Little Miss Hiedi Tylin. Through this have grown closer as a family... that includes Hector. You are a wonderful mother, You have accomplished a lot in your life; I remember the letter I wrote about you in kindergarten. I would be the one who planned your future. The only thing I want from you is for you to go to college. I will always be here for you; You are my little girl. It's gonna be hard to let you go and be the woman that you are, however I want the best for you. I know you will go far in life. Little Hiedi will be your path to success. Love You with all of my heart.
