 It seems like yesterday I was rocking you in my arms. Watching you grow up, I have cherished all the special moments we have shared. You are such a kind, beautiful soul - always seeing the best in people. Now I look at you and see a strong, confident young lady excited about what the future holds. You are my special gift from God. I am so blessed to have you as a daughter. I truly love being your mom.

I love you always,  
 Mom

 For our beautiful little girl We can't believe how fast you've grown. You have become a great and responsible person who knows what she wants in life. Follow your dreams and never give up. You will achieve anything you want in life. You will always be our little diva.

We love you very much

December 29th, 1995 the most amazing beautiful green eyed angel was given to us. We knew from the moment you were born that we were blessed with the greatest gift God could give us. You have been our sunshine from that moment till now. You have shown more strength & compassion than any human being we know. You are kind, sweet, loving, generous, forgiving, uplifting, motivating & a God loving child. You have had us wrapped around your finger & we will be eternally grateful to you & God for allowing us to be your parents.

With all our hearts & soul we adore you.  
 Love Dad & Mom
