# Blessings for a Buddy

This is Samai, she lives in Panama. Samai is one of the children that received an Operation Christmas Child Box. This was the major beginning project for Blessings and we are so proud of all of those who helped!

**Our vision** is to teach today's youth the meaning and rewards of giving without expectations. Whether it is time, talent, or treasure, everyone has something they can give. Together we are "changing the age of philanthropy".

**Our mission** is to trigger a transformation for youth and their sphere of influence, including family, friends, and others to understand and participate in true philanthropic giving over their entire lifetime.
