

Kermit Community Businesses

The school years are important, and so are the memories made during those years. The Kermit High School Yearbook Staff would like to thank all the businesses who support the YellowJacket Yearbook.

Thank you for your purchase of an ad in the 2018 YellowJacket Yearbook. Your support helped us create a yearbook that will be cherished by our students for many years to come.

Your purchase also benefits the Kermit High School Yearbook Program, and allows staff members to continue to produce a high-quality product while learning important skills such as leadership, organization and meeting deadlines. These skills will teach them to be productive adults who we will be proud to have as community members in the future!

All of us at the Kermit High School Yearbook appreciate your support. We look forward to working with you again in the future!

Community Credit Union

Your Key to Financial Success
