

History of the Senior Class

INA D. EVERETT
President

Several members of the present graduating class may be considered charter members of Wink High School. In the midst of the boom days in the early part of 1928 our school had its beginning. The opening day of school found five eager Sophomores, present members of the Senior Class, anxious to contribute their part to the making of the best school system in West Texas. These students have distinguished themselves in all phases of school work. They came to us as follows: Geneva Randolph from Pecos High, John Willis McMurry from Shreveport, Louisiana, High, Johnnie and Jack Hensley from Wortham High, and Ronda Cook from Mexia High.

The year 1929 saw the students of Wink High comfortably located in one of the finest school buildings of the state. There were twenty-three members in the class. Several Seniors of '31 joined this class as follows: Ina D. Everett, O'Donnel; Ruth Jette, El Paso;

Verrah Mae Ramsey, Cisco; Juanita Reese, Garden City; Mayme Brewer, Portales, New Mexico; Murrel Morris, Monroe, Louisiana; Ollie Allen, Wynona, Oklahoma; and J. B. Yoder, Mexia. That friendly and social class spirit, characteristic of the Seniors, was developed during the Junior year. The Junior year saw many outstanding events, chiefly among these were the play, "The Arrival of Kitty," the Senior-Junior Prom and the Junior-Senior Banquet—not to mention the picnics, parties and dances.

We, the Seniors of 1931, the largest class in the history of Wink High School, take pride in announcing that there are eighteen members on the graduating roll. Early in the year we met and elected the following officers: Ina D. Everett, President; Joe Meagher, Vice-President; Verrah Mae Ramsey, Treasurer; John Willis McMurry, Reporter; Mayme Brewer, Cheer Leader, and Coach Johnson, Faculty Sponsor. The Seniors of '31 have played prominently in all the activities of Wink High. On the athletic field the class furnished some of the outstanding players. Class members played a very important part in editing the school annual. The Seniors put on the play, "What Became of Parker," which proved to be a real success. The class parties, dances and Senior Day were so well planned that they not only gave us temporary pleasure, but also, happy memories. To the class roll of 1930-31 we were pleased to welcome Joe and Josephine Matlock from Ranger, Marjie Smithers from Colorado, and Winnie Stedman from Tenaha.

Our days spent in Wink High School have been pleasant and most profitable. We feel a debt of gratitude for the untiring efforts of our teachers. We hope we have contributed to the making of a better Wink High. The ideals and spirit of Wink High shall always serve as a guiding hand in molding our lives in years to come.
