

SOPHOMORES

DON CHANEY
President

With such a sponsor as Miss Rixon and such a president as Don Chaney, the Sophomores of Wink High School are sure to have made an excellent start on the road to success. They have been an example to the whole school, not only in studies, but in athletics and every other activity in which the school has participated.

They are represented in every club and organization better than any class in school.

They go down the halls to and from class chatting like so many sparrows.

They have recovered from the bewilderment of their Freshman year. They are beginning to require the praise and bearing common to high school students.
