## The Hi Y Club

The Hi Y started with flying colors this year. Early in the first semester the club was organized and Mr. Lipscomb was chosen as sponsor and Cecil Womack was elected president. Soon after the organization the club went on a trip to the sand hills, where the new members were initiated into the club. The new members admitted reached the maximum number allowed in the club.

Later in the season the Hi Y members went on an overnight trip to the Davis Mountains and by their actions, while there, showed that some of them at least must have sprung from Alpine stock or Rocky Mountain goats.

The boys have had many good times together this year and hope to have more in the future.
