What is the goal that each of us, Senior Class of 1930, is trying to attain? That goal of a successful business career, or that of a happy domestic life? We feel sure that among this class of young people there are some of the prominent citizens of tomorrow. Perhaps, from our class some of the architects, artists, writers, world-famous athletes and business men and women will be chosen by the selecting fingers of Fate. Through the splendid school system of the State of Texas, and the efforts of this school we have been prepared for that future life that we are to live. We know that among all groups of young people, some, guided by the merciless hand of Destiny, will turn out failures. Also in this class there will be found the mediocre, but we are hoping that the greater per cent of this body will be successes.

We thoroughly realize the responsibility that rests on our shoulders as we leave the protective portals of this institution and we appreciate the efforts of those who have so kindly armed us with the weapons of knowledge. We have learned that "brain is mightier than brawn" and have tried to profit by this adage. In the great War of Life (if you wish to speak of life in that way) we find that the best officers are: General Knowledge, Captain Accuracy, Lieutenant Efficiency and Corporal Speed of Thought.

ANNA LAURIE GUTTRY

Her voice was ever soft, gentle and low—an excellent thing in a woman.

Science Club; Journalism Club.

LAWRENCE RUSH

Greatness lies not in being strong, but in the right use of strength.

Thespian Club; Calliopean Club; Hi-Y Club.

RUTH TANGYE

True merit is like a river—the deeper it is, the less noise it makes.

Science Club; Journalism Club.

JEWEL BUTLER

Laugh and the world laughs with us—give and the gift is returned.

Science Club; Journalism Club.

EUGENE DOYLE

I am a part of all that I have met.

Science Club.

MEDINA SLOAN

Serious thoughts may often come in the secret place of thy heart.

Pep Squad; Journalism Club.
