

JACK MCGARRY, *President*

MRS. F. A. ROBINSON

MISS EMMA CEARLEY

Seventy-five Freshmen greeted the teachers at the beginning of this school term. These students were eager and anxious to begin the new life as High School members. They were happy to know that they had the largest enrollment in the entire school. Being a "Fish" was something that they had looked forward to for years. As soon as they were settled in their new home, they organized themselves into the Wink High School Freshmen Class, and they elected the following officers: Jack McGarry, President; Martin Kelly, Vice-President; and Wyona Johnson, Secretary and Treasurer. To those of us who have lived in an oil town know that students come and go, and we know not what tomorrow will bring. Because of this, it was necessary to re-organize at the beginning of the new term. This time Lloyd Pickering was chosen President; Ted Watkins, was elected Vice-President and Rose Marie Rutledge was named as reporter to the Whirlwind.

We are different to any other organization in school. We are proud of that. You see we have two sponsors, and they have stood behind us in every undertaking. Do you remember that we had a Freshman as candidate for the most popular boy in High School, and that he won too? Our sponsors helped us in that big task.

*Though we're Fish  
We're proud to say  
Some day, Seniors,  
We'll rule the day.*
