JIM WILSON, *Captain*LEE JOHNSON, *Coach*

FOOTBALL

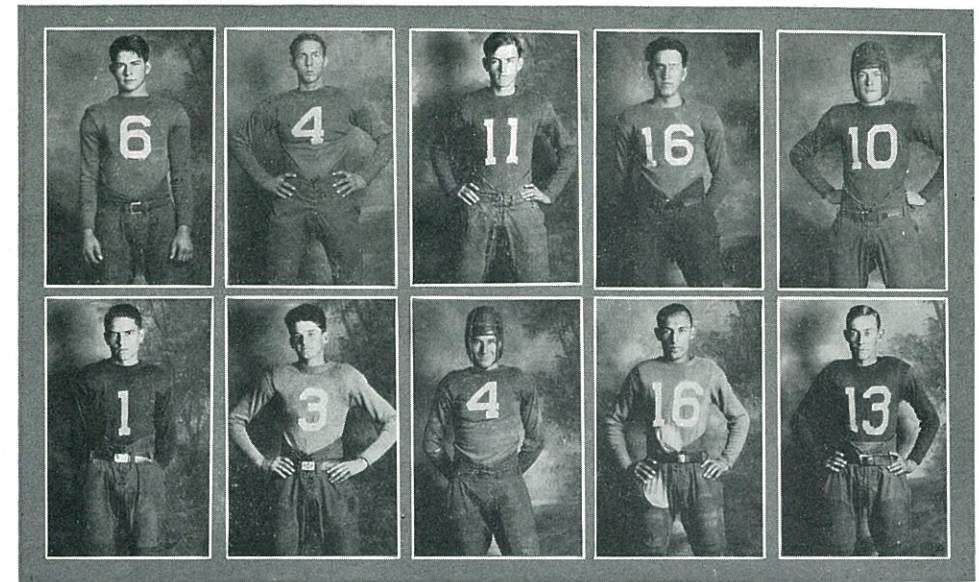

TRIBUTE TO COACH

As a Chieftian guides his warriors safely and calmly through defeat and victories, so has Coach Johnson guided his Football Boys. He was never too tired to listen to their tales of sorrow; he was ever ready to teach Good Sportsmanship and he stood to the team as an example of that principle for which he worked. He is loved by all who know him and he is known by many.

TRIBUTE TO CAPTAIN

Captain Wilson braved the fields of defeat with his men and smiled with them when victory was staged. He led a faithful team over the gridiron, and we are glad to call him "Captain."

Hail to our team we love so well
Hail to the Orange and the White
Hail to the boys so true
Hail to the ones who fought for right
Hail, Hail to the Orange and White!!!

LANE REEVES, *Tackle*, CHARLES WIGHT, *Half*, NEAL COOKE, *End*, LLOYD PICKERING, *Tackle*, JOE RHODES, *Guard*, JOHN D. CRAWFORD, *Center*, JACK MCGARRY, *Guard*, J. B. YODER, *End*, VETO VIATOR, *Quarterback*, OSWALD VIATOR, *Center*.

Our Wildcats have fought bravely for the past two seasons. Although their record may not compare favorably with that of Yale, Harvard or Notre Dame, we are proud of them for we know they have done their best. True to their name, they fought bravely to the finish. Several, who may some day be great players, got their start here; acquired their taste for battle here.

Some schools may have a little trouble in getting students to turn out for athletic activities, but we had no such trouble here. Every time there was a home game, it was necessary to adjourn school because the building would be forsaken by students bound for the ball park.

Every evening anyone passing by the ball park might see the Wildcats hard at work trying to perfect their game with the assistance of our esteemed coach. No phase of the play was neglected and everyone worked with all his "might and main." When passing was practiced, balls whizzed through the air with the speed of darting birds and were caught as accurately as were the insects for which the birds were darting.
