

A yearbook is the pictorial and written record of a school's activities. To a stranger who reads it, it is little more than a collection of painfully posed pictures. To one who was part and parcel of the school's activity, a yearbook is a living, vital record of happy weeks and months. The pictures are keys to unlock the doors of memory, and in the years to come you who look through this book will remember with pride, with sentiment, and with regret the days of 1938-39. If the "Wildcat" succeeds in capturing and preserving for you these memories in the making, the Editor and Staff will be more than repaid for their efforts. With a hope for its success and a plea for patience with its shortcomings, we give you the 1939 "WILDCAT"

**FOREWORD**

Having endeared himself to us who know him, a man who has stood for excellence in athletics, in mind, and in personality—a good coach, a leader of youth, and a good friend, we are happy to dedicate this 1939 *Wildcat* to COACH LACY R. TURNER.

**DEDICATION**
