Basketball

Paul E. Pierce
Coach

The Winkler County Basketball Championship again was won by the Wildcats, even though they were without the services of four regulars. By many hours of hard work and by wonderful cooperation from a group of inexperienced boys, the white clad Wildcats were able to beat many of the best teams in West Texas.

Nineteen games were won by the Wildcats, and 597 points were scored during the season.

Much credit is due Coach Pierce and this group of boys for the record of the Wildcats this year. An excellent spirit of cooperation and good sportsmanship prevailed throughout the season.
