Music

# Music

The Music Department of Wink High School has endeavored to foster a keen interest in the cultural background afforded through the study of music and through singing. Besides the offering of Music I, the Music Department is proud of its four glee clubs with a combined membership of one hundred and sixty students.

The Music Department presented the annual Christmas pageant "Why the Chimes Rang" and has taken trips to surrounding towns appearing on exchange assembly programs as well as presenting programs in Wink at various times during the school year.

Band

Glee Club Practice

Band Rehearsal

The instrumental department of the Wink Band is divided into three separate groups: The Beginning, the Junior and the Senior. The students in each group are taught music theory, appreciation, and technique. During the year 1941, the band has participated in more than twenty programs.

Phys. Ed.

A math class in action.

Class in P. E.

The mathematics curriculum includes six courses: General mathematics, two courses in algebra, plane and solid geometry, and trigonometry. At least two units are required of each student for graduation, and a minimum of three units are necessary for college preparatory students.
