O. O. Whitten
J. E. Wooten

Superintendent of Schools: Lee Johnson Secretary: Leona Rhoads

The members of the Board of Education of the Wink Independent School District truly represent the varied interests of the community. This group of men have unselfishly given their services in the interest of a better school system for the boys and girls of Wink. They have always provided the necessary equipment for the efficient operation of the educational program.

The spirit of cooperation manifested in this body has definitely enabled them to formulate policies of control, administration and management that have been responsible for the elevation of the standards of the school.

The faculty, students and patrons of the community are appreciative of the efforts and time expended by the members of the Board in promoting educational opportunities.

SUPERINTENDENT LEE JOHNSON
