Business Education

Business Education

Typing, shorthand, bookkeeping, business arithmetic, and commercial law are offered in the Commercial Department. These courses are available to Juniors and Seniors of the high school, and every student is required to take typing before graduating. In addition, many post-graduates are allowed to take advantage of our facilities. We strive to meet individual needs by unifying materials which will aid students whether they are preparing for college, preparing for an immediate vocation, or whether they merely desire to acquire knowledge or skills for individual use.
