The Music Department has long been established in our school, and since music is offered from the first grade through Junior High School, the students are well-grounded in the fundamentals of music upon entrance in to High School. The Senior Glee Clubs afford a means of vocal expression to the students in Senior High School.

The major event of the music department was the presentation of the Christmas Pageant in the High School auditorium. This was a pantomime in three scenes, staged by the students, with a choral background sung by the combined glee clubs.

Through means of assembly meetings of the student body, each student in the school has participated in this department, learning to follow a director's baton, and at all times doing exceptionally fine work.
