Assistant Coach

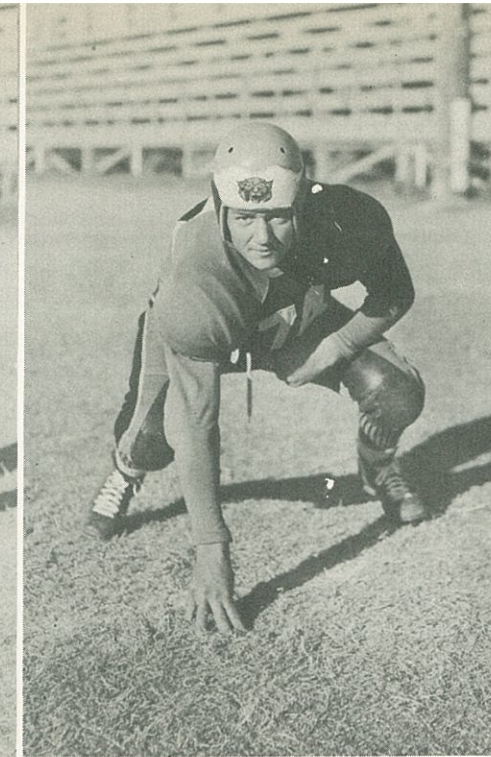

Lacy Turner

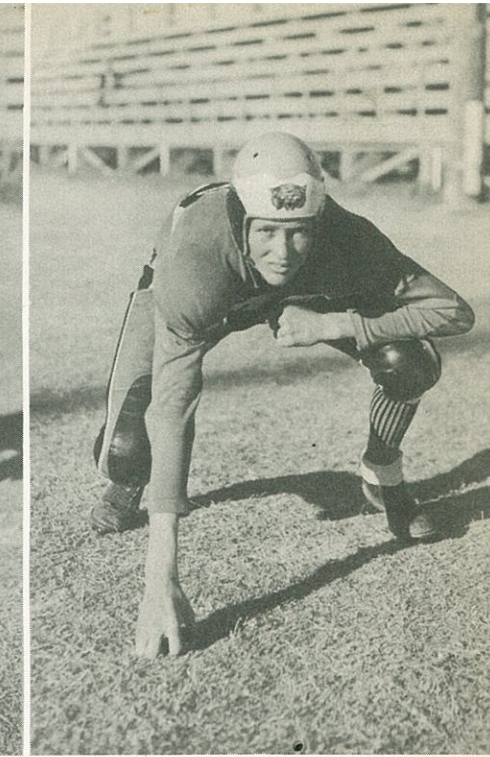

The 1939 Wildcat football team started the season handicapped by injuries and by an inexperienced line. As the season progressed, however, the injured boys returned to the line-up, the linemen learned fast, and the squad developed into a very formidable team. The polish and scoring punch displayed by the Wildcats in all their games soon established them as the outstanding team in the very strong district 7A for the third consecutive year. Unfortunately, however, the team was suspended from the League, and the season was not completed. Nevertheless, we feel that the football season was a success, and that the players and the coaches are to be commended.
