

FOREWORD

We have chosen the carnival as our theme for this annual. To many not connected with either only the glamorous side is seen and they both do have their glamour. But also back of the performances seen by the general public are many hours of work, be it carnival or school. Much time and effort is spent in the class room, on the football field, in the gym, in the band hall, and in the music rooms before the performances seen by the public can be given. We hope this annual will present for you both sides of this picture and will pleasantly preserve for you through the years the faces and activities of this year.

DEDICATION

In appreciation of your friendliness, loyalty, integrity, devotion, and dauntless spirit which makes our Wink High School the fine one it is, we dedicate this, the 1949 Wildcat to you.
