SUPERINTENDENT'S MESSAGE

In writing a few words for the 1950 Wildcat, I am mindful of the fact that those who peruse the pages of this book are more interested in the pictures they see than in what they read. I shall therefore limit my message to an expression of best wishes to each and all for the years that are to come. If you have been better equipped to face the future by having attended W. H. S. then our efforts have not been in vain.

R. A. Lipscomb
